

# Covid Precautions

## February 2023

**Stretton Parish**

All are welcome to our services, though out of consideration and love for each other (1 Cor 12:12-27), we ask that **if you feel unwell, or have tested positive for Covid, you remain at home** and we invite you to watch our online service.

In line with guidelines from the Church of England, communion is offered in both kinds in all three churches across the Parish.

Wine will be offered in the shared cup, according to canon law, though it is up to each individual whether to receive the wine, there is no expectation or obligation. If you wish to continue to receive communion in one kind, then that is acceptable. However, intinction - i.e. dipping of the wafer into the wine by the celebrant or communicant - is not permitted for reasons of hygiene.

Sanitiser will continue to be available. The wearing of a face mask in our buildings is a personal choice.

We continue in love for one another and I thank you all for your understanding and support.

Rev'd Steve Johnson
